As COVID-19 continues to spread there is an urgent and growing demand for medical face shields for healthcare workers.

Our goal is to scale this product and launch it to the marketplace at the most reasonable cost – as close to our cost as possible. We may limit orders to prevent hoarding. Orders will be processed on a first come first-served basis.

**Optically Clear**

Our face shields are designed to be optically clear like traditional face shields used in medical environments. The shield will not disrupt the wearer’s view while working.

**Universal Fit**

Our face shields have a nonlatex silicon elastic strap that is easily adjustable for each person’s head size. The silicon strap allows the wearer to secure the face shield comfortably to their head.

**Full Face Protection**

We designed our shield to fully cover the wearer’s entire face. Face shields offer the wearer a “full face” barrier that covers below the chin and extends out beyond the eyes. The Face Shield material is flexible, designed to wrap around the sides of the face without creasing, becoming brittle or easily broken.
FACE SHIELD INFO SHEET

Protect yourself and reduce the risk of exposure

SPECIFICATIONS

- PET plastic
- Latex Free Silion Strap
- Packs flat for easy and economical shipping
- Resists staining
- Easily sanitized and reused if needed

Typical physical properties of our product include transparency, elasticity and resistance to oil, grease and abrasion. The face shield is constructed with a very low surface energy film designed to resist staining and offers superior environmental resistance and protection.

WHAT CLEANING MATERIALS CAN I USE WITHOUT DAMAGING THE FACE SHIELD?
Clean your Face Shield with 99% isopropyl alcohol (IPA), bleach, 3% hydrogen peroxide, or other household cleaners to wipe the Face Shield without causing damage.

IS THE FACE SHIELD REUSABLE?
While extensive testing has not been completed for the lifespan of an Face Shield, it is intended for multi-use until damaged, deteriorated, or critically contaminated.

HOW MUCH DOES AN FACE SHIELD COST?
The Face Shield is available at pricing based on order quantities. Contact faceshields@trekboxx.com for more information.
